Portable Coaxial Cable Stripper Kit Add-Ons

RAPID CHARGER/RE-CONDITIONER

Part Number	Description
811RC	Rapid Battery Charger/Re-Conditioner

- » Rapid charging in +/- 107 min, eliminating the need for extra battery packs
- » Full battery charge on demand
- » Recalibration mode extends battery life (re-conditions in +/- 178 min)
- » Intelligent charging protects against overcharging
- » Eliminates crystalline memory
- » Reconditions batteries that have already developed memory
- » Keeps battery pack factory fresh and ready to use

SPARE NICAD BATTERY PACK

Part Number	Description
726	Rechargeable NICAD Battery Pack

- » Comes fully charged and ready to use
- » Note: Slight discharge may occur and battery power may decrease as a result of cold weather or lengthy storage. In such cases, it will be necessary to re-charge for maximum power.
